INGREDIENTS

Monocalcium Phosphate, Dicalcium Phosphate, Salt, Calcium Carbonate, Magnesium Oxide, Potassium Chloride, Yeast Culture, Cane Molasses, Iron Oxide, Zinc Oxide, Manganous Oxide, Copper Sulfate, Vitamin A Supplement, Sodium Selenite, Vitamin E Supplement, D-Activated Animal Sterol (Source of Vitamin D3 Activity), Ethylenediamine Dihydriodide, Cobalt Carbonate, and Artificial Flavoring.

FEEDING DIRECTIONS

FUL-O-PEP Triple 12 Mineral should be fed to beef cattle free-choice in a dry, clean, fresh area. Consumption will vary depending on quality and type of feedstuff consumed. Some animals may consume large amounts of mineral initially, with a rapid decrease after craving has been satisfied. Feeders should be checked at least weekly after consumption has leveled off. This product contains salt; therefore no additional salt is necessary.

This product contains added Selenium. Do not permit excessive consumption. The maximum intake of this mineral should not exceed 4 ounces per head per day to provide 3 mg of selenium for beef cattle. This mineral is also suitable for horses as well.

Caution: This product contains copper. Do not feed to sheep as copper toxicity may result.
