## SAVE MONEY WITH FUL-O-PEP

By feeding Ful-O-Pep's Alcomo or Supertone, you're not only providing your horse with an expertly formulated, nutritionally superior product, you're also saving money- Yes, you're actually saving money!

When comparing against other premium feeds-both regional and national brands-simply put: Alcomo & Supertone are a better value. With Alcomo & Supertone you can afford to feed the premium product because it doesn't come with the premium price tag!

And, because it's milled right here in Texas, you can be confident you're feeding a fresher, locally made product, made by people who understand Texas-horses.

Ful-O-Pep helps extend your feed budget-that's why our motto is better feed, greater value!
